Flexible Working in a post-Covid Scotland

(material supplied by Timewise)

There's no question that we're living through a challenging time. Covid-19 has ripped up the rulebook on what normal work looks like, and people all over Scotland have been required to do a juggling act as work and home lives have become more and more blended.

But if there's a flip side.

Working more flexibly, even in these unusual circumstances, has helped us all understand how, when and where we work best. And this is creating an opportunity to transform the way we work permanently, and enjoy a fulfilling career working flexibly.

Timewise's ebook explores this idea and more, taking you through the 3 part process of establishing flexible work. Click and jump to a section below.
